BENEFITS TO CANADA

- Increase in Canadian jobs with good pay
 - Wages range from Minimum wage to 28\$ an hour
 - Employs bilingual staff and those with or without previous training, as they also train on the job
- Uses materials made in North America
 - 25% from Canada
 - 75% from the United States
- With expansion into the Asian market there could be expansion globally of a Canadian company
 - Provides economic benefits to the government and Canada
- Marketing and distribution can be organized in Canada

(Wikipedia)

BENEFITS TO NEPAL

- Provides an alternative source of income to animals that have other jobs
- Jobs would be created for women and children to operate the machinery
- The high quality of the fibers can raise the demand of their already successful export
 - To raise the GDP per capita
- The profit from the textiles can be used to enhance trade, agricultural practices and their quality of life
 - The extra profit can reduce the amount of poverty in Nepal
